

February 16, 2022

Dear Resident,

You are receiving this letter as you are an abutter to the Town of Arlington Public Works Facility Project.

This is a follow up letter to the notice we sent a couple weeks ago about ground improvement drilling activities to start the week of February 14th. During this activity you may hear noise and/or feel vibration.

We now want to notify you of upcoming weekend and holiday construction work related to this activity, which is anticipated to begin on Friday, February 18th. This work will also be conducted on Saturdays for the duration of this phase, which is estimated to be completed on or about March 26th. Additionally, there will be construction on Monday, February 21, 2022, which is the Presidents' Day holiday.

We thank residents for their patience as we work to complete this phase of the project as soon as possible.

Follow Project Progress

A summary of this project and subsequent monthly construction updates may be found at Town of Arlington website at arlingtonma.gov/projects.

You may also receive monthly construction updates via Town of Arlington Notices (emails sent by the Town on a variety of Town related updates). If you are not subscribed to Town Notices and would like to receive our monthly construction notices **via email please contact Dan McSweeney (Sydney Project Management) at dm@sydneyppm.com**.
